

Aifa Assil

Embedded Systems and AI for Smart Energy Technician

📍 Sousse, Tunisia | ✉ assilaifa@gmail.com | ☎ +216 51 639 259

Profile

Enthusiastic and innovative engineering student with a strong desire to learn, explore, and create impactful solutions. Eager to contribute to dynamic teams and help drive meaningful progress.

Education

- **Master's Degree in Artificial Intelligence and Renewable Energy** Sept 2024 – Present
 - Higher School of Science and Technology of Hammam Sousse.
- **Bachelor's Degree in Special Machine Design and Manufacturing Engineering** Sept 2023 – June 2024
 - Higher School of Science and Technology of Hammam Sousse.
- **Bachelor's Degree in Embedded Systems** Sept 2020 – June 2023
 - Higher School of Science and Technology of Hammam Sousse.

Internships

- **Final Year Internship | SNCFT** Tunis Feb 2024 – May 2024
 - Study and development of a train overspeed control system.
 - Analysis of the existing control system.
 - Design of an automated solution for speed regulation.
 - Testing and validation of the developed system.
- **Final Year Project Internship | L'Epi d'Or** Sousse Feb 2023 – May 2023
 - Developed an industrial freight elevator (unaccompanied system) with an advanced and optimized prototype for heavy load handling.
 - **Tools Used:** Arduino, sensors, actuators, mechanical components .
- **Technical Internship | Tunisie Telecom** Sousse Jul 2022 – Aug 2022
 - Participated in fiber optic infrastructure deployment (zones D1, D2, D3).
 - Cable pulling and connection operations.
 - Performed fiber optic splicing.
 - Conducted continuity and signal testing.

Skills

Programming Languages:
C

Embedded Systems:
VHDL, STM32, Arduino

Tools / Platforms:
Linux

Languages

Arabic: Native speaker

English: Intermediate

French: Intermediate

Italian: Beginner

Interests

Internet of Things

Mobile Design

Self-Improvement

Event Organization
